COVID-19 Policy & Closure Authority

We are following guidance from the Virginia Department of Social Services, the CDC, and the Virginia Health Department. As of today, the guidance states that we will be doing rigorous cleaning and daily health checks, that will include taking everyone's temperature at the door before they are allowed in the building and checking to make sure not only the child but the whole family is symptom free.

Due to the unprecedented situation of COVID-19, ZCCC reserves the right to refuse entrance to our program if your child shows any signs of illness or symptoms of COVID-19, including but not limited to fever of 100.4 or higher, persistent cough, rash, and any other cold or flu symptoms that have not been treated by a physician, and may be contagious.

If anyone in your household tests positive, your family will need to quarantine for 10 days. Drop off and pick up will be at designated pick-up/drop off doors. If you need to come in the building masks are required for all adults, regardless of vaccination status. Children are not required to wear masks but it is encouraged, especially when socially distancing cannot be maintained. If someone in 1 classroom becomes infected that class will have to quarantine for 10 days or based on the health departments recommendation. In the event of this happening in 1 room we would make sure we are monitoring the rest of the school closely and we would let everyone know there was potential exposure. That classroom would be deep cleaned and disinfected. If it spreads to multiple classrooms, we would all have to quarantine for 10 days and then same rules apply for the sick children.

In the event that the Governor shuts everything down we would obviously have to follow orders. More details and guidance will come through as we get closer, and we will update you as things progress.

ZCCC reserves the right to close down all operations with little or no notice due to COVID-19. In the event that ZCCC is forced to shut down center-wide for any reason longer than five (5) consecutive days a freeze on automatic tuition payments will be put into place.
