

CDC recommends that people wear masks in public settings and when around people who don't live in your household, especially when other social distancing measures are difficult to maintain. Masks may help prevent people who have COVID-19 from spreading the virus to others. Masks are most likely to reduce the spread of COVID-19 when they are widely used by people in public settings. Masks should NOT be worn by children under the age of 2.

Younger children (preschool aged) may be unable to wear a mask properly, particularly for an extended period of time. Wearing of masks will be prioritized at times when it is difficult to maintain a distance of 6 feet from others (drop off or pick up, or when standing in line at school).

- Face masks are mandatory for children and parents at drop off and pick-up. Children under 2 should not wear a mask.
- All staff and children will wear a face mask indoors when a social distance of 6ft cannot be maintained.
- Children 2 and under will not wear a face mask at ZCCC.
- All students and parents must wear a mask at drop off and pick-up.
- Children will not be ridiculed or punished for not being able to wear a mask for an extended amount of time.
- Each child should wear one mask and bring a second one in a Ziplock bag clearly labeled with their name.
- Disposable masks are available for those that forget them.
- All ZCCC classes try to get as much fresh air as we can.
- When not in use, the children's masks go in a labeled Ziplock bag.
